

NORTHFIELD

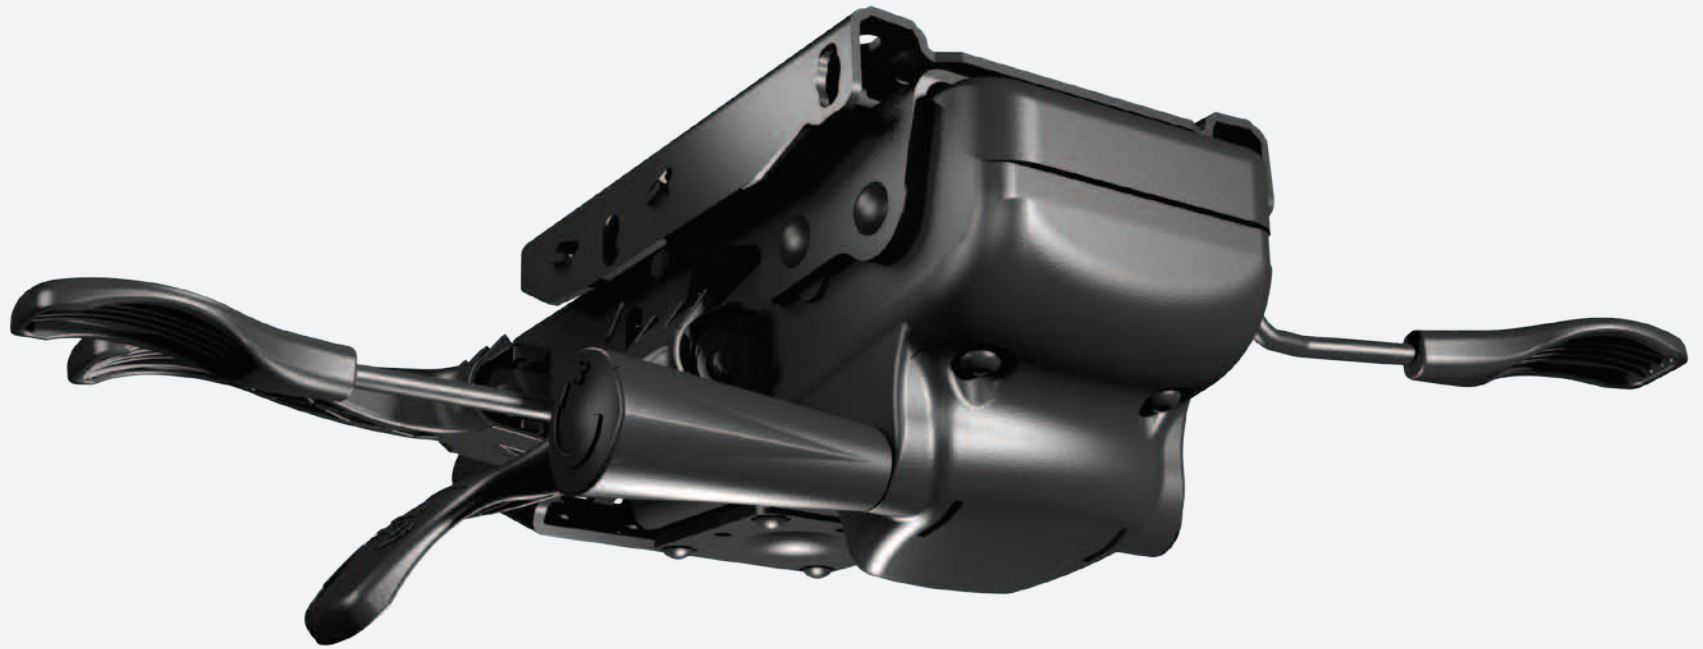

T4002 PLUS+

A simple solution for virtually any work place rated and warranted for 350lbs use...

NORTHFIELD T4002 PLUS+

T4002 PLUS+

The T4002-Plus+ Knee-Tilt mechanism is rated and warranted for 350lb use. Providing more spring power than ever before, this mechanism has been re-engineered in order to accommodate larger seating requirements for executive chairs.

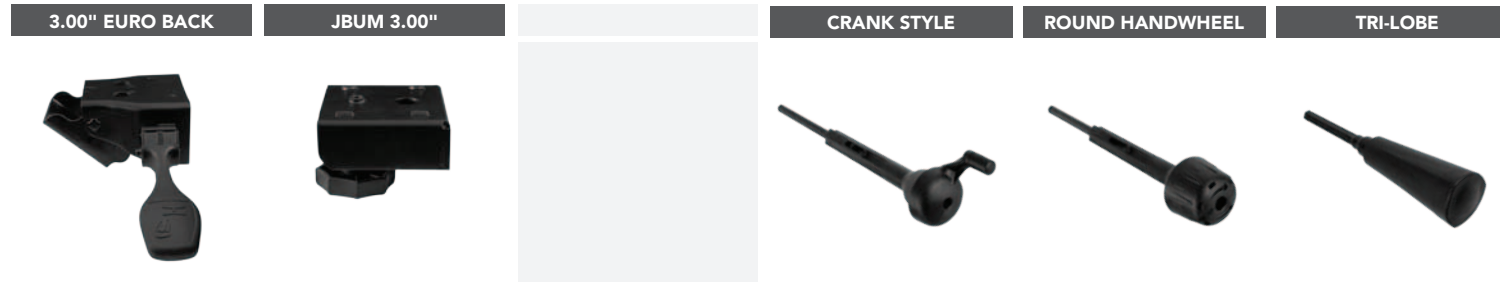

This knee tilt promotes keeping your feet on the ground and your thighs parallel to the floor when you recline, thus reducing the pressure on your thighs.

The T4002-Plus+ mechanism has height adjustment (TA), tilt tension (TL), and infinite lock on the several available separate back adjust options.

Complementing the package mechanism package includes options such as Integrated Seat Slider providing 2.5" of travel and Rotary Side Tension.

EXTRAS & OPTIONS

SEPARATE BACK OPTIONS

CAM ACTIVATED SEAT SLIDER & 3PC LEVER OPTIONS

HANDWHEEL OPTIONS

SIDE TENSION OPTIONS
